

# ABOUT US.

Founded in Seattle in 1985 as a high-volume low-price photocopying service, The Copy Machine, Inc. has expanded to include high-speed short to medium run color digital printing, bindery, laminating, and large format printing and display signage. We specialize in quick turnaround, high quality products and services, and competitive pricing. What really sets us apart, though, is our professional and personal service. We take extra care in troubleshooting, proofing, and communicating with each customer to make sure every job is done right.
